## CALF CLUB MEETS IN CARSTAIRS FOR AUCTION AND JUDGING

CROSSFIELD.—The Calf Club auction and judging was sponsored by Carstairs Board of Trade and held in the Arena there. There were 101 calves from the 6 clubs present, Crossfield having 13 of them. Judging of each individual calf club made a choice from which to pick a Royal and Reserve Champion.

The winners in this class were Foster and Turner from Carstairs, after keen competition with calves of Baxters and Hehrs of Crossfield. The Grand Champion weighed 399 lbs and sold at 72 cents per lb., with the Reserve Champion bringing 42½ cents. The others averaged 35-36 cents per lb.

For showmanship, prizes were awarded as follows in the Crossfield Club: 1st, Bernie McArthur; 2nd, Ruth Hehr; 3rd, Stan Hehr. In this club all new members received \$2 a piece and those who didn't win received \$1 a piece. In this club also, Mervin Godinton of Madden won the Bulova wrist watch donated by the Canadian Bank of Commerce for Grand Champion.

Mr. Hector McDonald, Crossfield, assisted with the judging in some of the clubs, exclusive of Crossfield entries.

Mr. Clayton High arrived home June 11 after a two-week's visit under the parental roof in Nanaimo. Mrs. Valasek who accompanied her by plane (TCA) remained there hoping that the climate would help her health. Mrs. High visited her sister-in-law Mrs. George Nasadyk at Courtenay, B.C.

Mr. Martin, formerly on the teaching staff in town is renewing old acquaintances. He hopes to go to University.

Mr. Brock Campbell recently attended the bankers golf tournament.

Arnold Allers enjoyed boating on Pine Lake last week end in a boat built by his brother Robert, of Innisfail.

### EXPLORER NEWS

On Tuesday, June 12, this group held it's last expedition for the term and all mothers were invited to attend. Fifteen Explorer girls attended the function at which Rosalyn Bills acted as Chairman with Edna Jensen as co-leader in place of Marjory Banta who was indisposed with measles. Each girl contributed to the program with suitable talent in music, verse or song.

The presentations of first, second and third year's standings was made by Mrs. Anderson. Edna Jensen conducted and Joyce Mc-

Donald received an Intermediate promotion in a very lovely ceremonial suited to the occasion.

A sing song was enjoyed during the service and an exhibition of scrap books, babies' layettes, felt articles, Japanese dolls and shell work, was proof of the nimble fingers of the group in their term's activities. Lunch was delicious and served in record time by a group of older girls.

## DOG POUND NEWS

The Dog Pound Blue Birds held their monthly meeting at the home of Mrs. Harold Judd, with 11 members present and one visitor. After the business a baby picture contest and guessing game was enjoyed. Next meeting to be at the home of Mrs. J. L. Jack, Aug. 3.

It was decided to have a strawberry tea on the afternoon of June 30. Everyone welcome.

Sympathy of the district is extended to the Wyatt and Parson families in their recent bereavement.

Corrine Williamson was rushed to a Calgary hospital for an appendix operation.

Bernie McArthur won first prize for showmanship at the recent calf club show and sale at Carstairs.

Dog Pound Blue Birds were hostesses to Madden and Bottrel Ladies club, Wednesday, June 13.

An enjoyable afternoon was spent as Miss Smith, district home economist of Red Deer spoke on "Kitchen Cupboards".

Congratulations to Dog Pound school ball team on winning first money at Cremona sports.

LESLIE CARON, the Parisian ballerini, discovered by Gene Kelly in the French capital to co-star with him in "An American in Paris," discovers that America isn't all play when Kelly put her through a workout preparatory to her film debut.

## CROSSFIELD AND DISTRICT NEWS

CROSSFIELD.—Mr. and Mrs. Jack Conahue spent a few days in Lacombe, Red Deer and Penhold. They took in the baseball series sponsored by the Lions club which was held in Lacombe.

Mrs. Walter Lilley and Carolyn Susan left early Friday morning to spend a two-week visit with her parents and family in Medicine Hat.

Miss Cilla Botomley, who has completed a nurse's course received four "excellent" and four "very good" in her examinations, and is now on duty in Hanna hospital.

Mrs. Stralo is indisposed and has had to be confined to her bed again.

Measles are on the rampage again—never a dull moment in our town.

Mr. and Mrs. Emerson Walroth announce the birth of a son Raymond Richard, in the General hospital, June 9. Mother and baby are home and doing fine.

Rev. and Mrs. H. A. Strand and two children visited with Rev. and Mrs. Anderson recently at the manse, enroute from Vancouver to the Lutheran church convention in Saskatchewan.

Young Peoples enjoyed a pleasant evening at the Baptist church on Friday.

Linda Gowler is in hospital for a tonsil operation.

Many people in Crossfield are getting their well water analysed as there has been and still is a large number of sick people in town. This is a wise move.

Paul Kinghorn and Marjory Foytner are recovering from recent illnesses.

The Crossfield United church

## With The Tuxis Boys In Crossfield

CROSSFIELD.—The Tuxis Boys invited the Explorer Girls to a hayrack ride—the new kind that our fathers and mothers couldn't have in the good old days. With one of the teachers as chaperone, they started a very extravagant trek to Her. The hayrack was pulled by a steel wheeled tractor and the hours slipped by rather fast before they arrived at their destination as the roads were muddy.

The trip home was the same, but then of course they had eaten a good camp meal. Some of the parents were anxious before the tractor labored it's way home through the mud with the precious cargo and the boys think that something speedier would be better next time and save a little anxiety of the parents.

## MADDEEN MURMURS

Mr. and Mrs. H. Walsh, Mr. and Mrs. Ray Havens and Richard, Mr. and Mrs. Clarence Havens and Donald Leask, left by motor for Lloydminster, visiting friends en route, planning to attend the rodeo at that town.

Miss Clarice Claythol of Stettler is home on holidays and was one of the bridesmaids at her brother's wedding on Thursday last.

Mr. and Mrs. Ken Claythol held their wedding dance June 14. A good crowd attended and an enjoyable evening was spent. They were presented with a purse from their many friends.

The ball game Sunday at Madden between that town and Dog Pound resulted in a win for the latter.

## Former Crossfield Farmer Passes at 70

A long time resident of Alberta, Carl Christensen, 70, died Wednesday in Vancouver, where he moved four years ago.

He was born in Denmark and moved to the United States when 17 years old, and to Canada in 1908. For many years he farmed at Gleichien, Husar and Crossfield, and prior to retiring had conducted his farming operations from Calgary.

Surviving are his wife, Elizabeth, a son Frederick and a daughter Louise; two sisters, one in the United States and one in Denmark.

Funeral services were conducted Friday in Vancouver.

CAPTAIN J. V. BROCK, DSC, RCN, of Winnipeg and Vancouver, seen above with ship's mascot, who has been in command of HMCS Cayuga since she sailed for the Korean war zone last July, has been appointed naval member at the National Defence College, Kingston, Ont., to take effect August 1.

WA held its last meeting of the term Tuesday, June 12. Mrs. E. Fox presided. Mrs. Hurt was in charge of the devotional. Mrs. O'Neill, secretary, and Mrs. Lilley gave the missionary lesson for the month. A donation of \$10 was ordered sent to Naramata training school, besides the customary business which was given careful attention.

Mr. and Mrs. C. Fox motored to Edmonton on Thursday last leaving at an early hour. Mr. Fox with Walter Snyder of Didsbury, field supervisor for Mountain View SD, attended the agricultural conference held in that city.

The Crossfield Sunday School held its annual picnic Sunday, June 17 under the supervision of Mrs. Wilda Charney, president, and Rev. Anderson, pastor, together with the teaching staff. There was a very good attendance present to enjoy the fun for young and old to say nothing of the wonderful basket lunches which are so much enjoyed. The children happily participated in the sports of the day.

## Engagement

Mr. and Mrs. Len Snyder announce the engagement of their daughter, Mildred Verle, to Donald Slack, son of Mr. and Mrs. D. Slack of Weston, Ont. The marriage to take place July 6, at 3:30 p.m. in the United church, Crossfield.

F J-23

After sundown it is colder on a desert than in a forest. Sand less heat while trees hold it.

ROSS THATCHER, CCF member of parliament from Moose Jaw, Sask., is at odds with the rest of his party. National Leader M. J. Coldwell called for stiffer corporation taxes to finance defence; Thatcher disagreed, saying corporation tax was already high enough.

## EDITORIAL PAGE

### An Excellent Report

Last week J. W. Welbourn, M.P. for Jasper-Edison, spoke over the Radio in "Report from Parliament Hill". Mr. Welbourn made particular mention of his part in bringing into the House legislation to incorporate a pipeline to the Coast via Edson and Jasper, which no doubt is of particular interest to his own constituents.

However, nearly every other phase of the current session of Parliament was touched upon by this Alberta member, who showed he has a wide knowledge of the work of the session, and Mr. Welbourn is to be congratulated on the fine manner in which he discussed the business of government, which should be the interest of all of us.

Sometimes we feel the average voter has little concept of the really difficult job of representing a constituency at Ottawa. Unlike the Provincial Legislatures, where the session lasts only about six weeks, the Federal House sits usually not less than six months during the year. Members have little time to spend at home, and as more and more business is by popular consent being made the business of government, the members will be in future spending more time—not less—at Ottawa.

It is likely this year that a special fall session will be called to deal with increased old age pensions. If spring and fall sessions were made the regular thing it would relieve members of all parties of the necessity of being away from home for such a long period. Shorter and more frequent sessions would permit members more time to visit their constituents more frequently and thus keep their finger on the pulse of public opinion.

### Wheat For India

In reply to criticism of Canada's attitude towards famine conditions in India, Rt. Hon. C. D. Howe told the House of Commons that Canada had already sold India 300,000 tons, or 10,000,000 bushels of wheat this year, as compared to the 50,000 tons that Russia is proposing to send. A short time ago Canada offered India \$25,000,000 under the Colombo plan to purchase Canadian wheat, but India declined the offer, preferring to wait until better quality wheat was available.

It is expected that the United States will lend India about \$190,000,000 to pay for 2,000,000 tons of American wheat.

Meanwhile, H. A. Vogel, a Food and Agriculture Organization representative, predicted that India could become self-sufficient with regard to food in two years if production was increased by "a marginal amount". The Indian government is aiming at being independent of food imports by 1952.

But most of India's agricultural production is of non-food items such as tea, coffee and cotton. Due to religious beliefs a basic food item of other countries—meat—is not readily eaten by Hindus. "Sacred" cattle roam the countryside consuming growth of grass and other vegetation but are not used for food. In our estimation India is not only overly-optimistic in endeavouring to have independence of other countries in food supplies next year but downright foolish and ungracious in refusing our offer of free wheat.

### Note and Comment

No argument is answered by an epithet.

People who read carelessly talk carelessly.

Most golfers talk a better game than they play.

All buyers want price control; all sellers are against it.

Almost anybody can justify whatever is done and believe it.

Most of the people that we run across are baffled by their own ignorance.

We wonder what the workers of 1850 would think of the forty-hour week?

The average club, or organization, will grab almost any excuse for a supper.

### The Bible Says:

"And he that reapeth receiveth wages, and gathereth fruit unto life eternal; that both he that soweth and he that reapeth may rejoice together." —John 4:36.

## The Nature Of The Enemy

By T. W. PUE

The most horrible news coming out of the present world situation does not involve the actual fighting in Korea. The most instructive news in this category comes from the mass executions that are being staged continually in the principal cities of China.

T. W. PUE

According to the New York Daily News, Red hellhound flunkies of the Chinese Communist Dictator Mao Tze-tung are forever rounding up actual or suspected enemies of Communism, exhibiting them before propaganda-doped crowds in the public squares, then mowing the poor devils down with machine guns without trial.

These reports are not propaganda cooked up on Chinese Nationalist Formosa or in the British listening post and smugglers' roost of Hong Kong. Mao's government not only openly acknowledges its campaign of extermination against the home opposition but brags about it, and repeatedly calls via the Peiping radio for bigger and better blood purges until there isn't an anti-Red left in mainland China.

Children are encouraged to rat on their parents concerning alleged disloyalty to the new government. Previously respected citizens are fair game for the Red murderers. So are working people who don't kow tow 100% to Mao and his city and village and countryside lieutenants.

What's the explanation? Can these barbarous mass murders be charged off merely to Oriental savagery and the fact that human life has always been held cheap in that part of the world?

#### "JOIN US OR DIE"

That answer seems not to cover the case, for at least two reasons.

For one, Chiang Kai-shek and other non-Communist war lords in pre-Communist China did not slaughter their opponents wholesale in periods of peace or semi-peace.

For another, there is nothing new in the Red Chinese butcheries to anybody familiar with the history of the Russian 1917 Bolshevik revolution. For several years after 1917, the Russian Reds, too, slaughtered every actual or possible opponent they could lay hands on. And they still stage big though hush-hush purges whenever the Kremlin palace clique suspects a putsch against its power is in the making.

Hook these facts up with Lenin's and Stalin's repeated statements that Communism and Capitalism can't forever live along side by side on the same planet, and we think you get the real explanation of the Red Chinese mass murders.

The explanation, we believe, is that these atrocities stem from the basic nature and philosophy of Communism itself, as dreamed up by Karl Marx and brought to full and poisonous flower by Lenin and Stalin.

One central idea of the Communists is that only people who think and act like Communists have a right to exist. All others are regarded by the Stalins and Maos as enemies who should simply be killed, quickly or slowly, if they refuse to surrender their bodies, minds and souls to the Reds—except the Reds don't admit that people have souls.

#### THEY'RE AFTER YOU, TOO

This, then, is the nature of the enemy that the non-Communist part of the human race faces, and seems likely to face for quite a while to come.

He's an enemy who thinks the same way wherever you find him—in Russia, Korea, Yugoslavia, New York or Edmonton.

What he thinks is not "He that is with me is against me," but "Him that is not with me I will either remake in my own image or kill, as soon as I can get at him."

As far as the Communists around the world are concerned, all of us non-Reds can choose just one of two things—surrender, or die. And of those who surrender, many will die anyway. Look at what happened to a lot of politicians and intellectuals who tried to make their peace with the Communists in Poland, Hungary, Czechoslovakia, etc.

In a situation like this, what is there for non-Reds everywhere to do but resist, and keep on resisting with all the force necessary until the Kremlin-spawned destroy-the-opposition idea is itself destroyed, throughout the world?

The only legitimate arguments among non-Reds, it seems to us, can be over questions of how to make our resistance most effective at the lowest possible cost in blood, money and material.

There is plenty of room for such debates. But if we lose sight of the central fact that Communists everywhere are out to enslave the world, we're likely to be sunk, and swiftly.

Like all myths, the myth that the Chinese army was full of supermen has finally been broken. They are now surrendering by the thousands.

## Voice of the People

"VOX POPULI, VOX DEI"

### PULLS NO PUNCHES

Dear Sir—Congratulations on the courage of your convictions and judgment expressed in your editorial, "Honesty in the Pulpit." It pulled no punches. If we can't even depend on our clergymen to stick to something, how can we blame our men in public office when they fall short?

STEADY READER.

Edmonton.

### COLD WAR PROFITS

Dear Sir—Profits of U.S. Industry in 1929 was 6 1-2 billion dollars. After the start of the cold war, 1948 profits were 33.9 billion dollars; in the third quarter of 1950, after the start of the war in Korea, they were making profits at the unprecedented rate of 43 billion dollars. Is it any wonder that "U.S. News and World Report" gleefully exclaims "War scares are easy to create, and are surefire producers of profitable munitions contracts."

Hamlin.

F. E. MARICLE.

### BITTER MEDICINE

Dear Sir—Hon. J. Gardiner recently said in the House of Commons that "no one has any right to ask the government to seek higher prices on wheat contracts." And this while MP's are all clamoring for price boosts! Prairie farmers can go bust, but Gardiner says "we must not ask for higher prices. Thrice blessed are the dictators, because they inherit the earth, with the farmers under it, along with freedom of speech and press. Bitter medicine, farmers, from your own doctor."

TOM POULSOM.

Rochford Bridge.

Editor's Note: The price of wheat has been raised six cents per bushel since Mr. Poulson wrote his letter.

### POLICE ACTION CONFUSION

Dear Sir—I would really appreciate it if someone would tell me what this Korean thing is all about. Where are we going and when will we stop? If we are victorious here, will it really be a crushing blow to Communism? What was the original purpose in committing us to war in Korea? Does this purpose remain unchanged? Is it a war without an end? I have been here in Korea quite awhile and I still don't know the answer to this one.

Korea.

PTE. J. M.

### HUMAN NATURE

Dear Sir—Someone was telling me just what human nature is. Yesterday, I read a little item along this line and thought I'd pass it on to you. "Human nature is what makes a man take his foot off the gas when he sees a police car."

Morinville.

MRS. J. L. J.

### BETTER MAIL SERVICE

Dear Sir—So Postmaster General Rinfret tells us that he can offer "no rosy promise" of better mail service. This doesn't sound like the same man who boasted several weeks ago that Canada's postal service was getting better and better all the time. Well, it so happens we don't want rosy promises. We want better service, and nothing else. After all, aren't we paying for it?

Edmonton. DISGUSTED.

### STRIKE FOR COMFORT

Dear Sir—This may not be very important, but I notice that 28 bus drivers have gone on strike in Williamson, West Virginia, for the right to wear sports shirts in the summer months.

Last year a similar situation arose in Canada when the post office department ruled that mail carriers must cling at all times to their little bow ties even when they are sweating in the sun under the heavy bag of letters. A storm of ridicule blew up throughout the country. But the department stuck to its sartorial guns.

I say that people should be comfortable. Let's throw away our neckties for the summer!

Edmonton. SLOPPY JOE.

### INVITE THE KING

Dear Sir—The King's doctors have now advised a "prolonged" period of convalescence for His Majesty. Would it not be an inspired act of hospitality and graciousness for Prime Minister St. Laurent to invite the King to spend his convalescence in Canada?

Killam. LOYAL SUBJECT.

### NO PALS FOR HIM

Dear Sir—Canada and the U.S. are big enough to handle any of their enemies—but God save us from any more Allies!

Mannville. TOM.

### FILTER THE AIR, PERHAPS

Dear Sir—I am so sick of soap that I think I should quit using it. Every time that I wash myself the dirt goes down the drain and then comes out of the radio and back into my ears.

Redwater. CLERK.

### GLURP, GLURP

Dear Sir—Will you believe this one? At the sports day a little while ago a farmer came in and bet me \$5 he could eat 47 hot dogs. Well, I thought there was my chance to make an easy five bucks. But I lost! Believe it or not, that man ate 52 hot dogs!

Edmonton. ASTOUNDED.

### ENJOYS PAPER

Dear Sir—I thoroughly enjoy your paper so please renew my subscription. Even though we're a long way from home we don't want to miss any issues.

Vancouver. WALTER GALE.

Week Ending June 23, 1951

## 25 Survey Parties To Study Alberta Mineral Deposits Vital to Defence

A group of federal parties will swing into action throughout Alberta this week on a widespread study of mineral deposits essential to Canada's defence program.

According to word received from Hon. Geo. Prudham, minister of mines and technical surveys, there will be 11 geological parties, seven topographical parties, four legal survey parties, and three dominion observatory parties.

Several of these parties are being organized in Edmonton and Calgary to start season's operations immediately.

When in the city shop around the corner and save.

### EDMONTON AREA

Geological work in the Edmonton area will be carried on by a party headed by P. C. Badgely, which will make a study of cretaceous well cuttings.

R. de Witt will head a party in the Peace River district to continue study of Devonian stratigraphy relating to oil and gas in the area.

E. J. W. Irish will commence one-mile geological mapping in the Copton Creek area.

R. J. W. Douglas and E. T. Tozer will continue one-mile mapping in the Waterton area. Both areas are of interest because of their oil and gas possibilities.

Four-mile mapping of drift geology, with particular reference to soil and structural material, will be carried out by A. M. Stalker in the Red Deer area; G. B. Craig in the Rosebud area; W. T. Hat-

## CIVIL DEFENCE NEEDS 30,000

Drive to recruit 30,000 volunteers for the province's civil defence program has opened in Alberta.

Campaign got underway at a special meeting held in Edmonton. Provincial Secretary C. E. Gerhart, chairman of the Alberta cabinet's civil defence committee, G. R. Howsam, the province's co-ordinator, and more than 100 industrial men and others attended the gathering.

Recruiting is the fourth phase of Alberta's civil defence plan.

field in the vicinity of Rycroft; and E. P. Henderson in the Watino area.

Studies of the paleontology and stratigraphy of oil and gas in the southern foothills and Rockies will be continued by H. Frelund, P. Harker, and D. J. McLaren.

The staff of a regional office established in Calgary last year will examine the great number of drill cores and cuttings in that area to aid in study of the stratigraphy of the oil fields.

Topographical surveys comprise one mile to the inch mapping at Lesser Slave Lake, west of the lake, and around Grande Prairie. In co-operation with the army survey establishment of the department national defence, boundary surveys will be made at Wood Buffalo Park, Elk Island and Banff national parks, and along the Alberta-BC and Alberta-NWT boundaries.

Program for Dominion observatories embraces work at the magnetic observatory at Manook, just south of Athabasca, and gravity surveys in southeast Alberta.

## Northern Tract Scene Of Lumber Industry Research

(By British United Press)

A 140-acre tract has been set aside in the Fawcett area in Northern Alberta for Dominion-Provincial research into ways of increasing the growth of Alberta spruce trees, backbone of the province's lumber industry.

Alberta authorities explained that spruce, of which 283,000,000 board feet were produced in 1950, flourishes in areas where well-drained and heavily-mossed soil holds the moisture.

However, selective cutting had not brought about the desired effect of accelerating the growth of young trees in some areas. The experiment will be aimed at discovering the reason and setting out a new pattern of selective cutting to maintain and expand the spruce lumbering industry.

Officials said the area selected for the experiment contains a mixed stand consisting of 40 per cent poplar and 60 per cent spruce. The trees vary in age from 100 to 250 years. Estimated yield of the spruce at present would be from 5,000 to 20,000 board feet per acre.

Twenty-four of the finest patches of growing spruce will be chosen for the experiment, officials added. They will be combined into three blocks of eight patches each. Mature trees in each patch will be cut to determine which pattern permits the best growth in the trees.

Trees left standing will be measured immediately after logging operations are completed. They will be measured again at the end of one year, then five

years and again every 10 years until maturity, officials said.

The tip of the Lower Rio Grande Valley of Texas is farther south than any point on the U.S. mainland.

### LETTER TO LOUISA

## Girl Finds Boy Friend Suddenly Losing Interest

A letter from a reader says that she met a boy some time ago and dated him for quite a while.

They were both interested in each other but all of a sudden he stopped coming to see her without a word of explanation.

The only reason she could think of for such action was that she had formerly gone with a girl who turned out to be not so nice. At the time, however, she had stopped going with this girl for about two months when her friend acted as he did. When she ran around with this girl, she had no idea that she was misbehaving.

She thinks that the boy heard that they were friends and came to the conclusion that they were two of a kind. She doesn't know what to do. She likes the boy very much. She hates to think he has wrong ideas about her and yet she doesn't care to run after him if he has stopped coming because he doesn't care any more.

Answer:

I think under the circumstances, if I were your place, I should call him by phone and ask him to see me for a short while where I could ask him why he had stopped seeing me so abruptly.

Don't let him know that you are so in love with him but just tell him that his friendship meant a lot to you and you hated to think that you had done anything that might have offended him.

If he doesn't give you a chance to explain, I don't think there is much you can do but let him alone. If a boy is in love with a girl, he will usually give her an opportunity to tell her side if he hears disagreeable stories about her.

However, it just goes to show that a girl has to be very particular about the company she

keeps. She not only has to behave herself in order to protect her reputation, but she has to look the part and not give people the opportunity to suspect her of things she hasn't done.

LOUISA.

Some \$3,000,000 is being spent each week in Alberta in the search for new oil deposits.

## Farm Accidents Can Be Avoided If Care Taken

Farming is not a safe business but Alberta farmers can help to avoid many serious agricultural accidents by being careful when operating farm machinery.

In the rush of spring work, many farmers are neglectful of their safety. Among the careless things done to save a few minutes are operating a tractor with an unshielded power take-off drive, using wheel brakes to assist steering, filling the gas tank while the engine is running and stopping off a moving tractor to adjust a trailing implement.

Other dangerous habits which should be avoided are cranking a tractor before first checking to see that it is out of gear, operating a foot clutch by hand from the ground to attach a drawn implement, throwing a running belt from the pulley by hand, climbing over or under a running belt and wearing loose or ragged clothing near rotating shafts.

Children should not be allowed to operate, or ride on, tractors. Tractors are built so that the controls can be reached by adults, not children. Farmers are urged to take particular care in driving tractors because more farm accidents result from thoughtless use of the tractor than from any other cause.

Farmers are advised to see their implement dealers to learn the correct and safe procedures to follow when operating farm machinery.

ALBERT PRATZ, Canadian radio host who has been making a name for himself with NBC in New York, is back home in Toronto for the summer. He will be broadcasting a solo recital every Tuesday night via CBC Dominion, and will be heard as concert master on Lucio Agostini Whispering Strings show every Sunday night.

## Women Liberals Sponsor Teas

The 20th Century Liberal Women's club of Edmonton has sponsored two teas in the past week, one in the east end and one on the south side. A west end tea will be held early in the fall.

Scene of the east end tea was the home of Mrs. D. K. Lewis. Over 50 women called during the afternoon. They were received by Mrs. J. J. Clooney, president of the 20th Century club, and Mrs. Lewis. At the tea were Mrs. J. Clark, Mrs. E. M. Taylor, Mrs. Bob Marshall and Mrs. J. Gowda.

The south side tea was held at the home of Mrs. P. Miskew. Receiving were Mrs. K. G. Montgomery, president of the Alberta Women's Association, Mrs. O. Nicol and Mrs. Miskew. Pouring tea were Mrs. J. Harper Prowse, Mrs. E. Wilson, Mrs. Chas. Grant and Mrs. Wm. Hawrak.

This tea, too, was an unqualified success, with over 50 in attendance.

## The LIGHTER SIDE

### Far Away

"My music teacher says I have a fine voice and should go far"  
"Splendid! I'll help you pack."

### Fragile

A young woman was mailing the old family Bible to her brother in a distant city. The postal clerk examined the heavy package carefully and inquired whether it contained anything breakable.

"Nothing but the Ten Commandments," was her quick reply.

### A "Pick-Me-Up"

#### "Where's Dad?"

"Somebody made him a present of a small bottle of brandy so he's gone into the bedroom to feel faint!"

### Hope So

A small boy visiting New York for the first time, went in an elevator to the top of a skyscraper. As he shot past the 62nd floor at breath-taking speed, he gulped, turned to his father, and asked "Daddy, does God know we're coming?"

### The Finer Touches

French explorers forcing a way through dense African jungles came upon a party of cannibals about to have a feast on a late enemy. The cannibal chief came forward to greet the Frenchmen in perfect French. When they showed surprise at his command of their language, he explained that he had studied in France; even took two years of French literature at the Sorbonne.

"What!" exclaimed the explorer. "You've been educated in France and yet return to feed on human flesh! It's unbelievable." "Well, replied the chief modestly, "now I use a fork."

## AIRDRIE ARIAS

AIRDRIE — Funeral services were held here Saturday, June 9, for the late Billy Pole. Officiating at the service were the Reverends Bell, Morrison, Ball and Smiley. The pallbearers were Pete Morrison, Jim Lorimer, F. Reid, Claude Deeks, Bert Clayton and Frank Hawkey. The remains were laid to rest in the Airdrie Cemetery.

Mr. Geo. Pole and sister, Mrs. Hornby, from Victoria, attended the last rites held here for their brother William Pole.

Mr. and Mrs. W. Fowler have gone East for a new car.

Mrs. Hawkey has flown East to visit her sister who is very ill.

Mr. and Mrs. Claude Deeks entertained in their home recently at a delicious dinner bridge. There were three tables of cards to play with the top scores going to Mr. and Mrs. Bert Lilley, and the consolation to Mrs. Garnet O'Neill and Mr. Eric Landymore. A tasty midnight lunch was much enjoyed.

Mrs. Stuart Hutchings and Mrs. Claude Deeks of Airdrie both attended Grand-Chapter held in Edmonton.

## Red Cross Meets

CROSSFIELD — Mrs. Merle Laut entertained the members of the East Group of the Red Cross recently in her home. All members, one visitor and eight children were present. Ex-president Dot Richardson was able to attend and brought with her Wendy Irene, the latest addition to her family. Mrs. Laut's niece, Mrs. Griffin and her young son, who was visiting at the Laut home enjoyed the meeting. Ex. Griffin

is from Smith Falls, Ont. The club was pleased to admit another new member Mrs. Doug Robinson, who with her husband is settled on the Lea Ableman farm. A nice lunch was served by the hostess.

## High School News From Beiseker

After a postponement, the students of Beiseker High School held a very successful graduation dance on June 12. Mr. Valli Schmalz chairman of the school board, presented the three graduating students, Fran-

ces Plante, Lois Van Housen, and Raymond Schwartzburger with graduation pins.

After the presentation of the pins, short speeches were given by the principal and vice-principal of the high school, Mr. J. F. Plante and Mr. T. H. Murray.

## In step with growing needs...

NEW INDUSTRIES, new communities, new sources of oil and iron and power . . . Canada moves on with amazing strides.

And with this expansion come added calls for every form of banking service. Your chartered banks have moved ahead in step with these growing requirements. That is why it now takes 45,000 men and women to do the banking of Canadians — almost double the number of ten years ago. That is why there are now 3,700 branches to serve the expanded needs.

Wherever initiative and growth demand it, banking is there — claiming your continued confidence.

One of a series  
by your bank
